

Citizens for Ridgefield Schools

September 8, 2011

Ridgefield School District Board of Directors
2724 S. Hillhurst Road
Ridgefield, WA 98642

To the Ridgefield School District Board of Directors:

We, the Citizens for Ridgefield Schools, have reviewed the proposed capital facilities improvements for our existing schools, and hereby conclude that these plans address urgent needs currently affecting our district and our students with a phased approach to future growth.

The projects, estimated at a total of \$47 million, will resolve these urgent needs. They represent fiscal responsibility, and will bring needed resources to each and every student of the district.

We hereby endorse further action, and request that you approve a bond measure scheduled for public vote in February 2012 to have these plans enacted.

Respectfully,

Jim Maul

Tevis Laspa

Greg Price

Co-Chairs, The Citizens for Ridgefield Schools
